GFR

Grain Free

ADULT DOG

RABBIT

WITH SWEET POTATO & BLACKBERRY

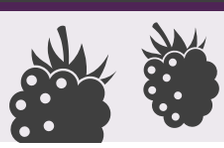

FRESHLY PREPARED RABBIT

The finest Freshly Prepared rabbit is cooked at a gentle 82 degrees to protect the valuable protein, increase the digestibility and enhance the flavours.

Rabbit is considered a novel source of highly digestible protein for dogs. It's also an excellent source of essential minerals such as zinc and iron which play an important role in maintaining health.

BLACKBERRY

Blackberry is well-known for being rich in vitamin C, an anti-oxidant which can help support the immune system.

RECIPE CLAIMS

50% TOTAL RABBIT & TURKEY

Rich in amino acids, vitamins & minerals, rabbit and turkey are delicious sources of protein.

Always ensure fresh, clean water is available.

Important: The information provided in this document is GA Pet Food Partners Ltd interpretation of Regulation No 767/2009 including amending Regulations 2017/2279 and 2018/1903. As with all legislation only courts can decide on the correct interpretation of the law. We would advise that you always seek legal advice when creating/printing new packaging, leaflets or websites. The statutory Analytical Constituents declaration parameters (i.e. Crude Protein, Crude Fat, Crude Fibre, Crude Ash) may be used for declaration purposes along with Moisture. Other parameters are intended as a guide and in order to declare extra figures we suggest that analysis work is carried out to confirm levels more precisely. Formulation updates: As information becomes available and in order to continually meet statutory analytical constituent declarations, formulations may have to be adapted to account for raw material variation and availability. There may also be other reasons outside of our immediate control (including but not limited to force majeure events) which warrant the change of a formulation to improve its suitability.
