GPT

Grain Free

PUPPY - SMALL BREED

TURKEY

WITH DUCK, SWEET POTATO, DILL & CAMOMILE

FRESHLY PREPARED TURKEY

The finest Freshly Prepared Turkey is cooked at a gentle 82 degrees to protect the valuable protein, increase the digestibility and enhance the flavours.

Turkey is a lean protein source rich in essential amino acids. It is also low in fat and a good source of essential nutrients such as riboflavin, potassium and selenium.

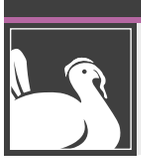

CAMOMILE

Thought to naturally calm and relax the pet and help calm an upset stomach.

* All dogs are different and the guidelines should be adapted to take into account breed, age, temperament and activity level of the individual dog. When changing foods please introduce gradually over a period of two weeks.
Always ensure fresh, clean water is available.

Important: The information provided in this document is GA Pet Food Partners Ltd interpretation of Regulation No 767/2009 including amending Regulations 2017/2279 and 2018/1903. As with all legislation only courts can decide on the correct interpretation of the law. We would advise that you always seek legal advice when creating/printing new packaging, leaflets or websites. The statutory Analytical Constituents declaration parameters (i.e. Crude Protein, Crude Fat, Crude Fibre, Crude Ash) may be used for declaration purposes along with Moisture. Other parameters are intended as a guide and in order to declare extra figures we suggest that analysis work is carried out to confirm levels more precisely. Formulation updates: As information becomes available and in order to continually meet statutory analytical constituent declarations, formulations may have to be adapted to account for raw material variation and availability. There may also be other reasons outside of our immediate control (including but not limited to force majeure events) which warrant the change of a formulation to improve its suitability.
